CAPTURING GIRLS' VOICES: Channeling Girls' Recommendations into Global and National Level Action!

The 5th Virtual Conference on Menstrual Hygiene Management (MHM) in WASH in Schools (WinS) Conference will focus on the voices of girls' captured globally to guide action and political commitments.

This year's diverse array of presentations will highlight examples of directly capturing girls' voices on MHM barriers and proposed solutions, initiatives that translate girls' expressed needs into actionable programming or strategic shifts in education, and WASH policies including indicators to capture measurable change.
